I wonder what the blinking lights mean? Maybe the handy chart above can help?

Happy Halloween! I'm an ESP32 project board that has some "spooky" tricks in my circuits! I promise I'm a good circuit board. I just want to help spread some spooky holiday fun!

I'm a little half-baked, but that's OK! I'm meant to be a little incomplete.

When you give me power over USB-C, look at the little light for a secret message, and also look at what WiFi networks are available now! SPOOOOOOOKY! 😊

Scan the QR code above with your phone to learn more about me, and share with your parents!
